- Scientific Monthly**..... M net 3.00
J. McKeen Cattell, Editor.
Scientific Monthly began publication in October, 1915, as an outgrowth of the Popular Science Monthly, published

- since 1872. It publishes articles appealing especially to educated readers as opposed to purely popular matter intended for the public generally, and for such a journal "The Scientific Monthly" is a more fitting name. The editorial management, publication department and typographical form are the same as for the earlier "Popular Science Monthly."

Charles Miner Thompson, Editor-in-chief.
One of the oldest and most popular papers for young people. Contains attractive stories, the world's news, timely topics, wit and humor, and special departments for boys, for girls and for the household. A favorite family magazine. Rost. 1827. 1 v. ann. begin. Ja. 52 nos. to v.

A GUIDE

TO THE

Current Periodicals and Serials

OF THE

UNITED STATES AND CANADA

THIRD EDITION

1914

COMPILED BY

HENRY ORMAL SEVERANCE

LIBRARIAN UNIVERSITY OF MISSOURI

ANN ARBOR, MICH.

GEORGE WAHR, PUBLISHER

1914

PREFACE

The previous editions of the Guide were so favorably received that I venture to issue the third edition on the general plan of the former editions. The work has been thoroughly revised. Only those titles are allowed to remain which have been verified by the publishers or have been found in the late lists of current periodicals or have been personally examined by the compiler.

No attempt has been made to include reports of corporations as these are listed in "Poor's Manual of Railroads"; nor municipal documents, nor official state and government publications, except the boards of health bulletins, as these are given in the "Monthly List of State Documents," and in the "Monthly Catalogue of United States Public Documents." It has not seemed wise to include all the historical and other learned societies as this information can be found in the "Handbook of Learned Societies" and in "Griffin's Bibliography of American Historical Societies," but all the larger societies have been included. High school, college, university and normal school catalogs and reports have been omitted.

In Part II no attempt has been made to throw every title under some subject heading. It is impossible to determine the contents of every journal without consulting it, which is impossible in a list of 10,000 or more titles. All the library periodicals will not be found in the subject list, but will be found in Part I under the name of the library. Student and fraternity publications are so numerous that no attempt was made to gather a complete list under the subject of "college." A good separate list of these may be found in "Patterson's Educational Directory."

The third edition of the Guide is given to the public with the hope that it may be of greater service than any of its predecessors.

Columbia, Mo.
December, 1913.

PART I
ALPHABETICAL LIST

GUIDE TO PERIODICALS

Part I Alphabetical List

ABBREVIATIONS

a = annual.	s-m = semi-monthly.
b-m = bi-monthly.	s-w = semi-weekly.
b-w = bi-weekly.	w = weekly.
d = daily.	f = fortnightly.
6 d = daily, six days in the week.	irreg. = irregular.
m = monthly.	

The date refers to the time the periodical or serial was founded. The price is the publisher's subscription price.

—Bulletin, 1806, irreg. —
In this bulletin there appear a number of sub-series. The
Ohio Mycological Volumes, 1-6, 1903-1907 appeared in
that form.
The Botanical Series began in 1899; Geological Series in
1901; College of Engineering Bulletins in 1911; Ohio
Biological Survey Bulletins in 1913.
All of these publications contain regular numbers in the
regular bulletin series of the University.
—Annual Report of the Board of Trustees, 1910, a. —
Prior to 1910 this report was issued as a number in the
regular bulletin series.
